About Happy Feet:

Happy Feet is a fun and exciting nursery dance experience for the under 5's. It is a chance for your little ones to really enjoy themselves in a world of music, whilst learning important rhythm, movement and creative skills.

The first section of the class will be an introduction to ballet, using props and the imagination to create new movements and creative stories. The second section is an insight into the world of rhythm and tap dance; using games and familiar music we start to chain movements together to make short combinations.

Feedback from our Happy Feet parents:

"Lovely friendly teacher who is obviously passionate about dancing, she makes the lessons fun and engages the children."

"Happy Feet has been an amazing experience for my daughter. She's learnt the basics of Ballet & Tap in a fun way as well as being great for her rhythm, balance and posture."

"I've been taking various childminding children to Happy Feet for 1.5 years, they all absolutely love the class! Stephanie is kind and patient with the children and she has time to listen to each and every one of them"

"T is really enjoying his classes and I can already see his focus, balance and sense of achievement growing! He's still only 2 but he loves his ballet so much and is getting the basics under his belt, it's so sweet to see."
